DEDECT IN COLLABORATION WITH CHINESE ASSOCIATION TO HOST

The North West Department of Economic Development, Environment, Conservation and Tourism (DEDECT) in collaboration with Chinese Business Association will host a Business Compliance Engagement.

The engagement will be led by the North West MEC for Economic Development, Environment, Conservation and Tourism, MEC Bitsa Lenkopane, and is aimed at strengthening compliance with legislation prescripts among Chinese entrepreneurs operating businesses across the province.

The engagement forms part of the Department's ongoing efforts to promote lawful, compliant and responsible business practices, while strengthening cooperation between government regulators and the business community.

Approximately 100 Chinese business owners from across the province are expected to attend the engagement, which will provide practical information on the legislative and regulatory requirements governing their operations.

Key areas of focus will include lawful entry and residence in South Africa, business licensing and registration requirements, liquor licensing, compliance in the hardware and spaza shop sectors, wholesale and distribution requirements, the sale of compliant goods, food safety standards, SABS requirements, ICASA compliance, labour and employment legislation, and SARS requirements.

Representatives from various regulatory institutions will provide presentations and engage directly with business owners.

These include the Department of Employment and Labour, Department of Home Affairs, South African Police Service (SAPS), South African Revenue Service (SARS), National Regulator for Compulsory Specifications (NRCS), and the Independent Communications Authority of South Africa (ICASA).

The engagement will also create a platform for business owners to raise compliance-related challenges, seek clarity on regulatory requirements and engage government institutions on practical measures to ensure that their businesses operate within the law.

Members of the CSC deployed around Stinkwater and Eersterus received a tip-off about certain African male who are in possession of a firearm.

Members immediately followed up the information at around 15:30 where they managed to identify the said house and the suspect, and then they requested to search him where they found a pistol in his possession.

He failed to produce a license and was arrested on the spot. The firearm was found without ammunition. The Station Commander Brigadier Johannes Tau commended the members for their quick response , where they managed to recover a firearm and detained the suspect.

He said two firearms were recovered within three days in our area. He applauded the citizens who gave information about any suspicious illegal activities happening around their area. The suspect will appear in the Temba magistrate court soon facing charges of unlawful possession of firearm.

The firearm will be taken to a forensic laboratory for ballistic testing to determine if it was used in commission of other crimes.

NOTICE OF THE INTENTION TO COMMENCE WITH A BASIC ASSESSMENT PROCESS FOR THE PROPOSED EXPANSION OF THE CAROUSEL TOLL PLAZA ON THE N1/N4 BAKWENA TOLL ROUTE IN THE NORTH WEST PROVINCE

The South African National Roads Agency SOC Limited (SANRAL) has identified the need to improve operational conditions along sections of the existing N1/N4 Bakwena Toll Route in the North West Province. Upgrades to the existing Carousel Toll Plaza have been proposed to improve traffic accommodation, reduce congestion and enhance operational efficiency along this strategic national corridor (Carousel Toll Plaza coordinates: 25°19'26.72"S, 28°17'52.23"E).

The intention is to lodge an application in order to fulfil the requirements associated with the Basic Assessment process, as set out in the Environmental Impact Assessment (EIA) Regulations, 2014 (as amended), promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998). The activities for which application will be made are as follows:

DETAILED DESCRIPTION OF LISTED ACTIVITIES ASSOCIATED WITH THE PROJECT	
Listed activity	**Description of project activity that triggers listed activity**
GN R. 327 – Listing Notice 1 – Activity 56: The widening of a road by more than 6 metres, or the lengthening of a road by more than 1 kilometre- (i) where the existing reserve is wider than 13,5 metres;	The approach lanes on the eastern side of the northern booth at the Carousel Toll Plaza will be widened by 9.6 metres as part of the proposed toll plaza expansion. The existing road reserve is approximately 20 meters wide.
GN R. 324 – Listing Notice 3 - Activity 18: The widening of a road by more than 4 metres, or the lengthening of a road by more than 1 kilometre.	The proposed widening of the N1 Carousel Toll Plaza by approximately 9.6 metres exceeds the 4-metre threshold, and the site falls within a Critical Biodiversity Area (CBA 1), which constitutes a sensitive area in terms of Listing Notice 3. Listing Notice 3 Activity 18 is therefore triggered by the proposed toll plaza expansion.

Environamic has been appointed as the Independent Environmental Assessment Practitioners to undertake the Basic Assessment as well as the Public Participation Process for the project. All Interested and Affected Parties (I&APs) are provided an opportunity to participate in the EIA Process for the proposed project. All parties who wish to participate in the process of registering as I&APs, commenting or obtaining more information on the proposed project can contact Etienne van der Lith on Tel: 082 781 9454 or E-mail: participation@environamic.co.za.

THE RUNNER ELIZABETH "TSONTSO" MOSELAKGOMO LAID TO REST

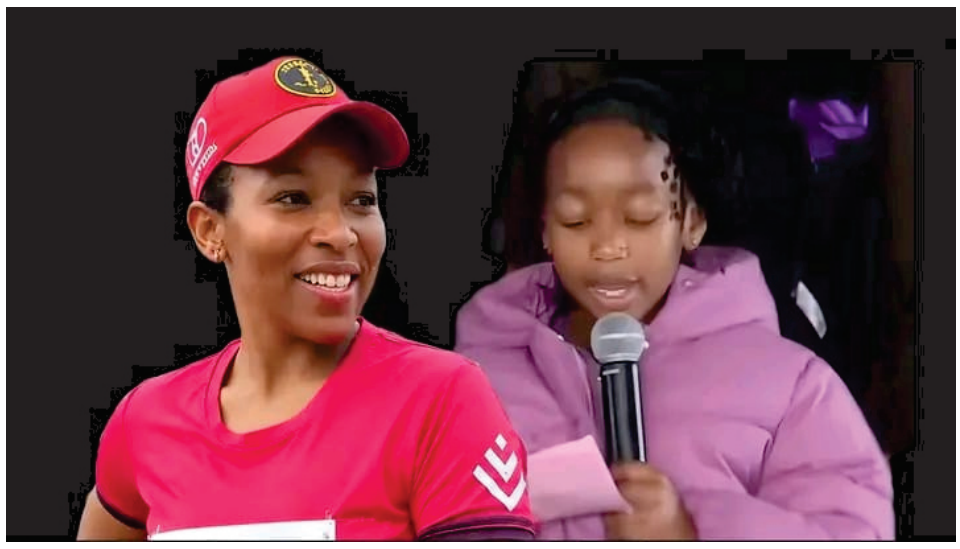

By Salang MotsepeImage: SuppliedElizabeth "Tsontso" Moselakgomo was a 38-year-old South African runner and mother whose brutal murder sparked widespread outrage, casting renewed focus on gender-based violence and the urgent question of women's safety.

She was reported missing on September 9, 2026, after setting out for a routine afternoon jog in Rhodesfield, Kempton Park, on Gauteng's East Rand.

Three days later, on September 12, her body was discovered in Rhodesfield.Her death formed part of a distressing and troubling pattern in which multiple women's bodies were found across the broader Kempton Park and Ekurhuleni areas—an alarming development that intensified national concern and galvanised protests centered on femicide and the vulnerability of women who move through public spaces.

According to accounts, her daughter raised the alarm after her mother failed to return from what had been a familiar afternoon run.Moselakgomo was laid to rest on September 20, 2026, in Phake, Mpumalanga, during a deeply emotional funeral attended by family members, fellow runners, and government officials.

Police are investigating the killings and have said they are working to bring those responsible to justice.

KENNISGEWING VAN DIE VOORNEME OM 'N BASIESE ASSESSERINGSPROSES TE BEGIN VIR DIE VOORGESTELDE UITBREIDING VAN DIE CAROUSEL TOLPLAZA OP DIE N1/N4 BAKWENA TOLROETE IN DIE NOORDWES-PROVINSIE

Die Suid-Afrikaanse Nasionale Padagentskap SOC Beperk (SANRAL) het die behoefte geïdentifiseer om bedryfstoestande langs dele van die bestaande N1/N4 Bakwena Tolroete in die Noordwes-provinsie te verbeter. Opgraderings aan die bestaande Carousel Tolplaza word voorgestel om verkeershantering te verbeter, opeenhoping te verminder en die algehele operasionele doeltreffendheid van hierdie strategiese nasionale roete te verhoog (Carousel Tolplaza koördinate: 25°19'26.72"S, 28°17'52.23"O).

Die voorneme is om 'n aansoek in te dien ten einde te voldoen aan die vereistes van die Basiese Assesseringsproses, soos uiteengesit in die Omgewingsimpakassesseringsregulasies, 2014 (soos gewysig), gepromulgeer ingevolge die Nasionale Omgewingsbestuurswet, 1998 (Wet No. 107 van 1998). Die aktiwiteite waarvoor aansoek gedoen sal word, is soos volg:

GEDETAILLEERDE BESKRYWING VAN GELYSTE AKTIWITEITE WAT MET DIE PROJEK GEASSOSIEER WORD	
Gelyste aktiwiteit	**Beskrywing van projekaktiwiteit wat die gelyste aktiwiteit aktiveer**
GN R. 327 – Lyskennisgewing 1 – Aktiwiteit 56: Die verbreding van 'n pad met meer as 6 meter, of die verlenging van 'n pad met meer as 1 kilometer – (i) waar die bestaande padreserwe wyer as 13,5 meter is;	Die aanrybane aan die oostekant van die noordelike tolhekgebou by die Carousel Tolplaza sal as deel van die voorgestelde uitbreiding met 9,6 meter verbreed word. Die bestaande padreserwe is ongeveer 20 meter breed.
GN R. 324 – Lyskennisgewing 3 – Aktiwiteit 18: Die verbreding van 'n pad met meer as 4 meter, of die verlenging van 'n pad met meer as 1 kilometer.	Die voorgestelde verbreding van die Carousel Tolplaza oorskry 4 meter, en die DFFE-siftingstelsel dui aan dat die terrein binne 'n Kritiese Biodiversiteitsgebied (CBA1) val, wat 'n sensitiewe gebied ingevolge Lyskennisgewing 3 verteenwoordig. Lyskennisgewing 3, Aktiwiteit 18, word derhalwe deur die voorgestelde uitbreiding geaktiveer.

nvironamic is aangestel as die Onafhanklike Omgewingsassesseringspraktisyns om die Basiese Assessering en die Openbare Deelnameproses vir e projek te onderneem. Alle Belangstellende en Geaffekteerde Partye (B&GP's) word die geleentheid gebied om aan die OIA-proses vir die oorgestelde projek deel te neem. Alle partye wat wil deelneem deur as B&GP's te registreer, kommentaar te lewer of verdere inligting oor die oorgestelde projek te verkry, kan Etienne van der Lith kontak by Tel: 082 781 9454 of E-pos: participation@environamic.co.za.
